The Modular Home Builders Association (MHBA) is the only organization dedicated exclusively to serving the modular housing industry. In an effort to improve construction productivity and efficiency, the MHBA promotes the advantages of modular construction to builders, government agencies, home buyers and the general public. MHBA also advocates at the state and federal level to ensure a fair and competitive playing field for the industry.

THE NOVEMBER 2015 MODULAR HOME OF THE MONTH WINNER IS A CUSTOM CREATION

Millbrook Modular Homes worked Apex Homes to create this three-story custom colonial with 5 large bedrooms and 7 bathrooms with a 3-car garage.

With more than 9,000 square feet of living space, this magnificent modular home has an open floor plan that features a gourmet kitchen and large family room.
